

Required stage size: 5x3m (with Dancers 8x5m free Space)

We bring our own Wireless Micros/In Ear Monitoring (470-558 MHz) & DJ Equipment

Variation 1: We bring a Soundsystem and Lights...

We require 1 x **16A CEE 400V** with 3 x 230V 16A Powersupply (on Stage)

Variation 2: technical equipment is provided by the venue:

We require **1 x 230V 16A Powersupply** and **2 XLRs** to your Mixing Desk, because we will send you a complete Stereo Audio Master Signal from our DJ/Digitalaudiomixer ...
We need 1 x monitor by the DJ and 1 x monitor for the Singer/Musician - We will send the audiosignals also from our mixer (XLRs) to the monitors!

We expect a good sounding, state of the art PA like d&b, LA, Meyer, Coda etc. as well as some white front lightning and some effect lights for the stage background.

If you have a LED Wall or screens on stage - we will send you our Electro Swing.MP4 Videofilm with visuals for a continuous loop. Please provide us with email contacts of your video technican.

For all technical details call „**Rainer Schober**“ +43 676 35 36 878 or get in touch through office@musikparadies.com
